

When moving, the forward 4-step return system is used.

Change cannot be made from 4th to neutral directly.

- Always return the throttle grip first before changing gear.
- Operate lightly with the tips of your toes until the shift lever is pushed down.
- Avoid changing gear needlessly and riding with your foot on the shift lever since this may damage the gear change mechanism and clutch mechanism.

(N) Neutral
(1) First

(2) Second
(3) Third
(4) 4th (Top)
