

## **MODIFICATIONS**

- \* Modification of the ATC, or removal of original equipment, may render the vehicle unsafe or illegal.
- \* Spark arresters and mufflers are required in most areas. Don't modify your exhaust system. Remember that excessive noise bothers everyone and creates a bad image for off-road vehicles.

## **POST-RIDE CLEANING AND INSPECTION**

To ensure safe handling and braking efficiency, thoroughly clean the entire vehicle after riding, and then carefully check the brake system, steering system, suspension system, tires and under side of the vehicle. Replace or repair any part that is damaged. Also, carefully inspect the exhaust system; replace or repair the exhaust system if necessary.
