

## USB 2 connector

- Apple CarPlay cannot be used with USB connection via USB 2 connector.

- 1 Open the left saddlebag.  P.128
- 2 Release the USB 2 connector from the connector cap.
- 3 Connect your iPhone/iPod/USB device using a certified cable to the USB 2 connector or connect a USB flash drive, etc. to the USB 2 connector directly.

After connecting, the USB icon appears on the screen.

- 4 Store your device in the left saddlebag.
- 5 Close the left saddlebag.

After using the USB connector, return the USB connector to the connector cap.

## ▮ To Disconnect Your iPhone/iPod/USB Device

You can disconnect your iPhone/iPod/USB device at any time. Make sure to follow the device's instructions on how to disconnect the device from the cable.

When you disconnect your device, the USB icon will disappear from the screen.

- Do not leave your device in the vehicle (travel trunk, shelter case or saddlebag etc.). High heat will damage it.
- Read precaution statements on the provided instructions of your device.
- Some USB flash drives (such as devices with security lockout features, etc.) may not be used or restricted to its function.
- We recommend backing up your data before playing it.
- iPhone, iPod or some of USB devices can be charged with the USB cable when the ignition switch is in the ON or ACC position. The charging time may be longer than usual.
- We recommend covering your devices with an audio pouch, or soft fabric or cover to protect from damage.
- Be careful to not get the USB connector wet.
- Do not connect with a hub.
- Do not connect incompatible devices.
- If the audio system does not recognize the device, try reconnecting it a few times or reboot the device.
