Side Nets

Rear Side Nets (SXS1000M5P/M5D/M5L only)

The left and right side nets can be opened in the same manner.

Open

- 1. Release the side net buckle and lower side net snap hook.
- Hook the side net onto the side net hook while lifting the side net.

Close

- 1. Unhook the side net from the side net hook.
- 2. Hook the side net snap hook and fasten the side net buckle.

Always return the side nets to their normal positions, properly fastened, and tightened before driving.
