

EMISSION CONTROL SYSTEM

The C70 is equipped with lean carburetor settings and other systems to reduce carbon monoxide and hydrocarbon emissions.

EXHAUST SYSTEM

The exhaust emission control system is composed of lean carburetor settings, and no adjustments should be made except idle speed adjustment with the throttle stop screw.

The exhaust emission control system is separate from the crankcase emission control system.

CRANKCASE SYSTEM

The engine is equipped with a closed crankcase system to prevent discharging crankcase emissions into the atmosphere.

Blow-by gas is returned to the combustion chamber through the air cleaner and the carburetor.

INFORMATION LABEL

The Emission Control Information Label is located on the swingarm left side.
